MEETING TO EXPLAIN MODIFICATIONS OF THE ISO NORM AND TO PRESENT THE NEW EQUIPMENTS NECESSARY TO THE NEW METHOD IN THE SAFFIC PROJECT

On 25th of June 2009 by “Su Zafferanu” office in S.Gavino Monreale street Umberto I, n° 46 the Sardinian saffron producer, Vito Ennas with the help of experts of Laore Mr. Francesco Sanna and Mr. Roberto Peddis, and saffron producers of S.Gavino Monreale, Mr. Franco Sanna, Mrs. Ennas Maria Carmine.

After the meeting of Alcalà de Henares according with the instructions decided in the meeting, we received the producers of the territory (S. Gavino Monreale, Turri, Villanovafranca) to whom we explain the developing of the Saffic Project.

In this meeting we have had a long a deep analysis about the follow matters.

- New ISO Proposal;
- The treatment of samples;
- Method for the identification of adulterants;
- The analytical methods for the measurement of quality markers.

In the seconds parts of meeting we try to explain the current ISO Norms. We speak about the develop of the saffron in Europe also about the purity criteria for the saffron.

We decided with the producers to have a new meeting to communicate the results of the future meeting of Kozani (Greece).

Best Regards
